- Local County Fair \$500 sale credit Champion Overall Breeding Heifer at your local county fair

On behalf of the sale consignors, I would like to welcome you to the 2023 North Dakota Simmental Association Classic Sale! 2023 marks the 52<sup>nd</sup> Anniversary of the North Dakota Simmental Association and many of the consignor families involved in this event have roots back to the very beginning.

Again this year we are sharing the sale date and facility with the ND Red Angus Association and their Red Select Sale which starts at 11:00 am cst with the ND Simmental Sale following immediately after. The two breeds of cattle complement each other very well and both associations work together very well both on state and national levels.

The North Dakota Simmental Classic Sale has developed a reputation as being a source of some of the top Simmental/SimAngus seedstock and genetics available in the land. The offering has been selected from the heart of the top programs in the upper Midwest! The programs involved in this sale have some of the best bull sales in the country each and every year!

I would like to point out that each year while screening for this trip individuals that are selected for the sale go back to or are out of females that were purchased in this sale – a testimonial that these cattle will work!

The North Dakota Simmental Association offers a Junior Incentive Program that is outlined in the catalog and offers a tremendous opportunity for Junior members. This sale offering presents a large number of open heifers that would be very competitive at many levels.

The females in this year's offering are sired by and bred to some of the best genetics available! As buyers you have the opportunity to select individuals and genetics that can advance your program significantly in the future!

Again this year's sale will be broadcast on DV Auction for those of you that may want to participate via the internet. Also we will be posting updated photos and information on the North Dakota Simmental Association website: [www.northdakotasimmental.com](http://www.northdakotasimmental.com) as well as on individual breeders websites.

We invite you to be with us on December 9, 2023 for the sale as well as on December 8, 2023 for the NDSA Annual Meeting which will be held at Kist Livestock at Noon with lunch provided. We encourage you to contact any of the consignors or sales staff ahead of the sale and look forward to seeing you on December 8th and 9th!

Sincerely,

**Jeff Thomas & the 2023 NDSA Classic Sale Consignors**

Consignor: **KINN SIMMENTAL RANCH** • Open Heifer • Homozygous Black • Homozygous Polled • We are very honored to offer this year's donation heifer. She is a feminine made female going back a couple generations to the S201 Nugget cow that we purchased from this very sale. She will be a very functional female for wherever she ends up.

*Tickets will be auctioned off at the beginning of the sale!*

*She will be on display at Kist Livestock in Mandan during the annual meeting and on sale day!*

## ALL JUNIOR MEMBERS:

Check out [www.northdakotasimmental.com](http://www.northdakotasimmental.com) for several opportunities to purchase heifers in this sale and receive financial assistance!

# Pick of the Herds

## KENNER SIMMENTAL RANCH 1 PICK OF THE BRED HEIFERS

*Consignor:* **KENNER SIMMENTAL RANCH** • The pick of our replacement bred heifers this year includes full sisters to the high-selling red & black bull sire groups from our 2022 sale - the Manifesto x 940G and the Hang Over x E820! There are 90 total heifers in the offering this year. The offering does not include the sale heifers going in the 2024 Production sale. All have genetically enhanced EPDs and trait testing completed. Complete ultrasound and breeding data will be available. We are strict about udder quality, disposition, foot quality, structure and overall performance. The buyer will need to pick by January 15, as they will start calving mid-February. A list of heifers is available by request.

## QUANDT CATTLE COMPANY 2 PICK OF THE BRED HEIFERS

*Consignor:* **QUANDT CATTLE COMPANY** • We are very excited to offer our first-ever pick of our 2024 bred heifers. We have 70 bred heifers to choose from. They are all trait-tested and have genomically enhanced EPDS. Along with that, there is a complete ultrasound and breeding data done on them. We believe this is one of our best sets of bred heifers ever. They exemplify what we look for in our heifers. They are backed by exceptionally great uddered cows and disposition along with containing great milk and growth traits. We have a wide variety of red and black Simmental percentages and purebred. Along with that, there are a number of daughters out of some of our best-producing flush cows. We reserve the right to one flush at the seller's expense and the buyer's convenience. We request that the buyer pick her up by January 20. We have a full list of heifers available by request.

Art let us have access to her to flush. She is a deep bodied female with excellent udder and great disposition. We utilized 4 different bulls hoping for a group of half sisters. The Powerhouse is a larger framed bull that really clicks on today's small framed females. The matings offered will create something different for most.

This being our last year with cattle after 40 years, we gave Jeff pick of the bred heifers to support this great sale and the NDSA. Without a doubt this was one of the best reds we had to offer. Top of the breed for growth and milk EPD, she exemplifies our herd and what we will be selling on Feb. 9th at our bred and open heifer dispersal. She is big, thick, and will produce high value offspring. Her dam was purchased in this sale from Dolls 9 yrs ago. One of our top producers. K241 does everything right and has donor cow written all over her. The Red River progeny have been sale toppers and hard to fault. AI Bred to 38 Special will be exciting. We only used it in our flush program. The Uppercut progeny were standouts at the R Plus dispersal sale and this heifer shows why. There will be several bred and open Uppercut daughters at our heifer dispersal on Feb. 9th, they are all awesome! Thick made with added femininity and perfect structure from our top donor dams. *Consignor:* **SORENSON RANCH** - Bred Heifer - K85 a bit of an out cross here. Her sire KECH 875 was our top pick from our friend Kelly Erickson production sale. We were looking for a heifer bull that had calving ease along with performance and he exceeded our expectations, so we bred him to our cows and as a result he produced our top selling bull at our production sale. Her dam was one of our top picks at the Montana State Simmental Sale that came from Nelson Livestock Company. K85 is long-bodied and straight in her make-up, with a good spring of rib. She will make an excellent cow with a beautiful udder in the making. This heifer has the performance to produce calves that will top production sales.
